Description

I bought a bag of robot parts featured in the 1988 Sylvester McCoy story from the Longleat 1993 celebration auction. This was one of the largest auctions of Dr Who props ever. The bag bought from JNT contained a whole robot clown and lots of bits of the destroyed Bus Conductor. I have long since sold or swapped most of the items although I came across one bit that slipped my notice. This is the upper left arm of the evil Bus Conductor after it had been disabled by the Doctor. There is a large hole in the arm, presumably resulting from the explosion. Its a nice little piece of Dr Who memorabilia.
