Description

"DOCTOR WHO"

1963-2003 BBC TV

ORIGINAL DALEK PLUNGER

This is truly a wonderful item for those who don't have the space for a full size DALEK. This original rubber plunger, for want of a better word, was purchased from the BBC Visual FX department in the late 1980's and was used on the very first daleks made by the outside contractor, Shawcraft I believe, for the BBC TV show "Doctor Who", in its initial black and white run. As true afficianados know the daleks were used right up until the late 80's and were simply repainted for each appearance, occasionally having others added to their ranks, but never quite as good as the originals!

Made of hard rubber this prop may be small, but is heavy in the chilling fear it installed in the minds of children who "ran behind the sofa" to escape its deadly clutches!

Comes with a letter of authenticity concerning the provenence and comes from the private collection of one of the worlds foremost experts on the show, who has worked on "Doctor Who" and catalogued the BBC Doctor Who auction in the 1990's for Bonhams of London.

Shipping and handling is \$5.00 in the U.S. More to the rest of the world. Please no zero feedback bids. A bid is a legal contract. All non paying bidders reported to ebays fraud department. Paypal, check or money order accepted. Payment must be made in SEVEN days. Good luck!

See our other props coming soon including an original Earthshock Cyberman head, Davros mask, scarf, and other props from the show.

This page is available on eBay for a limited time only. Please print a copy for your own records.

If you're the seller or the high bidder - now what?

1. Contact each other. The seller ([tardis55](#)) and the high bidder ([chuckyuk](#)) should contact each other within three business days to discuss payment and shipping details.
2. Leave feedback for the other party once the the seller has received the payment and the winning bidder has received the item.
[Leave feedback to seller](#) - [Leave feedback to bidder](#).

Details for the seller and high bidder(s):

The seller should contact the winning bidder(s) with information on the total cost, including shipping, and where to send payment. The winning bidder(s) must pay the seller directly for the item(s), and it is the seller's responsibility to fulfill the order when payment terms are met. The binding contract of the auction is between the winning bidder and the seller.

If the seller is unable to establish contact with the high bidder within 3 business days of the end of the auction, he/she may lose the place as winning bidder, and be at risk for receiving negative feedback and/or a [Non-Paying Bidder](#) warning, both of which can ultimately lead to suspension from eBay.
