Description

A pre production prototype 1:10 scale Tardis model Hand made from resin and wood, it stands 11" high and 5" wide with fantastic detail and colouring. This is one of only a few pre production run models that were made without the functions of the final commercial product by Arc Model Makers (No longer trading) but is without doubt more scarce than the production type. This is a well detailed model, worthy of a place on any Dr Who collectors shelf.
