Description

Doctor Who Memorabilia

ITEM DESCRIPTION

Ever see a complete one of these? Rare 1970s Tom Baker Berwick's dress-up costume. Mask is very nice with just a small, inevitable paint rub on the nose tip, and a small split under the chin. Shirt and pants are crisp vinyl and appear unused. Generic box has some wear & significant water stains. Inside leg is 18" but it should ride up with wear. Ages 4-8.

To kick off the 40th anniversary year of Dr. Who, I have decided to make available my collection. These items were obtained from various sources and most of them come with the documentation I received when I bought them. The majority were obtained from Steve Gostelow, an actor and designer who appeared as the Cyber Controller in More Than 30 Years In The Tardis. The majority of items in this collection were obtained by their original owners via auctions such as Bonhams in the 1990s, although I do not have any auction house paperwork other than anything mentioned in specific item descriptions. Many of these items have been on view on Richard Briggs' collector site and/or on the Howe/Bloomberg Transcendental Toybox site in the "collectors" section. While I have documented the authenticity of these items beyond reasonable doubt, as I am not the original owner, I make no guarantees about them.

Items in image may appear darker than they actually are. Whiteness on item (especially packaging) is usually caused by a reflection of camera flash or scanner light.

Please refer to my feedback if you have any doubts. Going by feedback alone, my customer satisfaction rating is about 99.75%, but unfortunately I have many revenge negatives from deadbeat bidders. You know how eBay is.
