Two Third Doctor adventures both featuring the popular Master presented on separate tapes in a Limited Edition tin box.

The Colony in Space Synopsis

Serial HHH

The Time Lords discover that the Master has stolen secret files that tell the location of one of the most potent weapons of destruction in the universe...

The Doctor is summoned out of exile on Earth, and along with his assistant Jo Grant, is sent by the Time Lords on a mission to retrieve the information.

Arriving on the planet Uxaricus in the far future, the Doctor discovers a group of Earth colonists whose very existence is under threat due to falling crops and low morale. To make matters worse, the colonists right to be on the planet is disputed by the Interplanetary mining Corporation, who want the planet to themselves. An adjudicator is summoned from Earth to resolve the dispute, but before the Doctor can start looking for the doomsday weapon, he must first deal with giant lizards, killer robots and deadly primitive tribesmen.

And somewhere on the planet is the Master...
